Light Grey Celtic® Sea Salt

Light Grey Celtic® *Perfect for a grinder and everyday cooking*

A whole crystal (coarse), moist salt that is mineral-rich, completely unrefined and hand harvested. Dried by the sun and the wind; this special salt retains the ocean's moisture called 'brine', locking in a vast array of vital trace elements.

Makai Pure® Sea Salt

Makai Pure® Sea Salt, an extension to the gourmet Celtic Sea Salt® line.

Makai - (muh-kahy) - towards the sea

Mineral-rich sea water remains untouched and pure through its natural transformation into Makai Pure®.

Celtic Sea Salt®, Makai Pure® Sea Salt, is absolutely nothing other than the extracted pure minerals, which crystallize in a pharmaceutical grade facility.

This raw and remarkable sea salt provides 2% daily value of calcium and magnesium per serving. An ocean treasure, this rare sea salt has an alkalizing pH of 10.22 compared to regular table salt, which has a neutral pH of 7.

Celtic Sea Salt® Makai Pure® Sea Salt also contains potassium, selenium, plus many trace elements, such as copper, iron, zinc, manganese and chromium, which are missing from common surface water.

Enjoy its smooth flavor. Use as a superior gourmet sea salt and as a perfect mini electrolyte in your water.

Celtic Sea Salt® Seasonings

Celtic Sea Salt® Organic Seasoned Salt Blends

We know you'll agree the flavors in our Seasoned Celtic Sea Salt® are distinct and delicious because the romance behind the seasoned salt blends lies in the spirit of the artisans. The farming and preparation methods for each ingredient are truly authentic.

These selected organic herbs come from special marine influenced farm regions with highly mineralized clay based soils. Production practices include diverse cover crops, microbiological drenches, and aged nutritional mulches. As a result, the herb and vegetable crops have intense, distinctive flavors, colors, and fragrances.

Combined with our Celtic Sea Salt®, these blends are made to inspire experienced chefs and give confidence to those who are beginning to cook more creatively. Try all five unique flavors!

Celtic Sea Salt® Functional Seasoning

Celtic Sea Salt® Gourmet Seaweed Seasoning!!

Our Gourmet Seaweed Seasoning blend is a delicious, nutritious, all-purpose seasoning that is naturally high in Iodine, a necessary supplement. Our proprietary blend starts with Fine Ground Celtic Sea Salt® and adds four types of Organic and Wildcrafted sea vegetables to create a unique, savory flavor that is also surprisingly versatile. Red Shiso, garlic, onion and lemon zest are added to complete the nuanced flavor profile, making this the perfect seasoning for every dish.

Because of this carefully crafted combination of nutritious ingredients, there is no fishy flavor commonly experienced with other seaweed seasonings. Rather, there is a subtle, delicate salty, sour, sweetness in balance with garlic, onion, and lemon.

In addition, our Celtic Sea Salt® Gourmet Seaweed Seasoning provides a convenient, vegan-friendly way to subtly add the fifth flavor – umami. Known as the secret savory ingredient, umami is a much sought-after flavor profile in the East which is rapidly growing in popularity in the West. So use our Gourmet Seaweed Seasoning to add flavor and seasoning to any dish, plus enjoy the nutritional benefits of doctor-recommended Iodine!

Celtic Sea Salt® Gourmet Kosher™, Xtra Fine, and Powdered

Approved for 100% Organic Processing

Gourmet Kosher™, Extra Fine, and Powdered Celtic Sea Salt® are distinctive in that they are specifically designed to be easy-to-use ingredient salts for innovative recipes and gourmet food. They also carry the quality, nutrition, and "no additive" values that will always bear the name Celtic Sea Salt®. We selected these salts to better serve our gourmet centered chef and food producers customers.

Gourmet Kosher™ - based on the delicate flavor and usability of the crystals, this salt is easy to use in almost any application. The natural moisture and minerals bring all of your culinary creations to life. It crushes easily between your fingers and dissolves in low to high temperatures.

Extra Fine - more subtle flavor than that of the coarser variety, it is an all-purpose ingredient salt extremely convenient for baking and creative recipe conceptions. It is completely unrefined and kosher. The gourmet flavor of Celtic Sea Salt® Extra Fine Ground will bring out a recipe's full potential. *(granular size - 315 microns)*

Powdered Salt - one of the smallest granular sizes on the market, Celtic Sea Salt® Powdered Salt is ideal for our gourmet snack food creators. A little goes a long way! As with all our branded salts, this salt has no additives and an exquisite flavor. *(granular size - 50 microns)*

Celtic Sea Salt® Bulk/ Ingredient Products

POTASSIUM PINK CAVE SALT

Brought to you by: ***Celtic Sea Salt®***

Potassium Pink Cave Salt this pink salt is preserved in the mountain, known as Salt Mountain. Unrefined, naturally higher in potassium and lower in sodium than regular table salt, this ancient cave salt is precisely made as nature intended it. Works great as an ingredient salt for those looking to lower sodium content and/ or want an additional boost of potassium than most other ingredient salts offer.

Unrefined Eocene ancient sea cave salt is extracted from Catalonia, Spain.

It is ground with a stone mill **WITHOUT ADDING ANY ADDITIVES.**

The result: **PINK CAVE SALT** with no plastic packaging.

AQUON MATRIX®

Brought to you by: ***Celtic Sea Salt®***

AQUON Matrix® is seawater which has been micro-filtered at 0.22µ without increasing its temperature which provides us with all the mineral your organism needs, apart from being a more energetic and vitalizing water helping us expel toxic waste.

AQUON Matrix® Hyper:

Rich phytoplankton seawater is double-micro-filtered at 0.22µ micron in a laboratory while preserving its abundance of organic and bioavailable minerals and then passed through our proprietary system creating a hexagonal structure.

AQUON Matrix® Iso:

Same preparation process as the hyper, but diluted with purified structured water in the right proportion to reduce its content to 9‰ salt concentration.

30 (10 ml.) SINGLE-SERVE STICK PACKS PER BOX

SUPPORTS*:

- MINERALIZATION
- FOCUS
- ENERGY
- pH BALANCE
- PERFORMANCE & RECOVERY

Benefits:

- Promotes deep hydration, mineralization, and cell revitalization
- Strengthens the immune system and boosts metabolic efficiency
- Improves physical and mental performance
- Revives the mind and body from symptoms such as fatigue and exhaustion

Celtic Sea Salt® Electrolytes & Supplements

Celtic Sea Salt® Magnesium Plus

Dr. formulated Magnesium Plus CONTAINS MAGNESIUM IN SYNERGISTIC COMBINATION with other trace minerals — calcium, copper, manganese, zinc, chromium and molybdenum.

Magnesium Plus is a proven and effective delivery system that carry magnesium directly to the site of absorption in the small intestine.

OPTIMIZES MAGNESIUM ABSORPTION: Unbound, free charged magnesium is delivered directly to its absorption site in the small intestine. No other magnesium or mineral supplement does this. Delivery of free and charged minerals to their site of absorption in the small intestine helps to absorb minerals.

COST EFFECTIVE & SAFE because you absorb all the magnesium you take. Unabsorbed minerals interfere with the absorption of other vital nutrients, unfavorably increase or decrease intestinal motility and adversely affect the bowel microorganism population.

A COMPLETE & EFFECTIVE MINERAL SUPPLEMENT when combined with Celtic Sea Salt® Electrolyte Powder (see on page 21).

Electrolytes & Supplements

Celtic Sea Salt® Electrolyte Powder

- All natural
- Sugar free
- Gluten free
- No artificial colors
- Natural lemon/lime flavor
- No anti-caking agents
- Naturally high in trace minerals

This all natural mineral mix is designed to rehydrate your body with the quality you've come to expect from Celtic Sea Salt®. It is a doctor formulated, proprietary formula ideal for athletes of all ages without any of the sugar you would find in other sports drinks.

All it takes to turn your water into a rehydrating, electrolyte-packed drink is 2 small scoops and a nice shake of the water bottle or stir of the glass. There are approximately 60 servings per container. Measuring scoop is included.

"Electrolytes are essential. The primary electrolytes in the body are sodium, chloride, potassium, magnesium, sulfate and phosphate. Why are these electrolytes? When each of these elements are dissolved in your body, they become ions…Celtic Sea Salt® Electrolyte Powder contains all six primary electrolytes. The quantities and ratios of these six electrolytes are designed to charge our body battery…" *--Dr. Lynne August*

Rare Body® Essential Oil Rubs

All Salves are in 7 oz. jars

They are very concentrated except for the Innocent Warrior Rub. A tiny bit goes a long way. The scent of the essential oils lasts for about 10 minutes until they sink in and do their job. After that, the rub is odorless. (Although most people LOVE the scents!) If the rub gets over 80 degrees, it melts. This doesn't damage it but when it re-solidifies, it will be denser and not quite as creamy. But never fear... all of its wonderful properties are still there.
