* As per FDA Label regulations, any mineral below 10% must be rounded to nearest 2% when represented on label

This is a partial analyses of the elements that comprise Celtic Sea Salt® Makai Deep Sea Salt™. Makai Deep Sea Salt™ is a natural product and, therefore, the element composition and proportions are naturally occurring. Nothing is added and nothing is removed.

The sample size is based on a 1/4 tsp serving (1.35g).

This analysis is conducted by a third party laboratory that specializes in analyzing sea salts and ocean water.
